THE KINSHIP STUDIO

WELCOME TO THE KINSHIP MEMBERSHIP PROGRAM!

We are so excited to have you! We wanted to share with you a little bit more about why we started Kinship.

Sara and Kyla here! We started out as 2 small business owners (separately!) operating out of Winnipeg. The Kinship Studio began after realizing how hard it is to find good quality resources that take a deep look into the details of running a business. Luckily we had each other to bounce ideas off of when we first started out but not everyone has that type of support. Because of that, we were able to help each other navigate the rough and unpredictable waters of being an entrepreneur. Our mission with the Kinship Membership Program to is offer that same kind of support to creatives alike and forge a community that they can rely on to help them grow their business or professional life.

WHAT IS THE MEMBERSHIP PROGRAM?

The Kinship Membership Program is a way to connect creatives in business. This could be someone who owns their own business, someone who wants to climb the ladder in their career, those who may be toying with the idea of starting up something or those who just love to be surrounded by people who inspire them to work harder. The Kin Community was built to be there as the support you need as someone in business and we do that through workshops, events, networking, around the clock support and amazing local resources!
